

## FINANCIAL CONTROLLER

Georgetown, Guyana

### About Us

We are Schlumberger, the leading provider of technology and services to the energy industry. Throughout much of the oil and gas lifecycle in over 120 countries; we design, develop, and deliver technology and services that transforms how work is done.

We define the boundaries of the industry by unleashing our talented people's energy. We're looking for innovators to join our diverse community of colleagues and develop new solutions and push the limits of what's possible. If you share our passion for discovery and want to find out what you could really do, then here is the place to do it.

### Job Summary:

The Financial Controller is responsible for providing business and financial support to the Division GeoUnit Manager and team via an engaged business partnering approach to ensure effective profitability and free cash flow management. He/she engages with the managers of the operational organizations to provide business performance insights and forward-looking analysis facilitating business decision-making.

### Responsibilities:

Candidate's duties may include the following:

- Drive financial performance thru use of business insight analytics.
- Develop financial business plans and forecasts for the division in the GeoUnit and ensure that the goals are challenging but realistic relative to overall market expectations and available resources.
- Implement action plans to address profitability issues and underperforming contracts.
- Optimize cash flow, including key indicators like DSO, CAPEX, inventory. Review and examine the financial impact of new and existing investment opportunities with a view to maximizing the return on investment. Maintain control over and maximum use of working capital.
- Support the GeoUnit Tax organization with tax audit inquiries requiring business input, and ensure correct legal entities used for operations (sales & purchases).
- Highlights business-related risks & exposures on Balance Sheet Exposure report, engaging with Hubs as-needed on AR, Inventory, Fixed Assets and key provisions.
- Review all major tenders (risks and opportunities), contractual terms and evaluate impact on IBT associated with pricing in bids vs. optimization of people/resources (i.e. FA, Inventory, M&S).
- Train line managers to interpret and comprehend financial statements and principles, and coach them regarding key business Division drivers. Answer inquiries regarding financial assets, recommend policies, and advise and council line management.

### Minimum Qualifications and Requirements:

- Bachelors degree in Finance related field
- +7 years in Financial Management & Audit Experience
- Advanced computer skills with expert knowledge of Microsoft Office
- Must be able to work in a team environment
- Must be able to perform in a fast-paced and high-stress environment
- Must have excellent communication and analytical skills
