Request for Information (RFI)
Inland Transportation

Tenaris Guyana Inc. hereby invites suitable applicants to submit technical information for the supply of Inland Transportation services for tubular products. Services include the mobilization of heavy tubulars (ranging from 1 to 10 metric tons each piece) from port location to final destination.

Additional technical specifications available upon request.

Interested vendors are to submit the following:

- ✓ Certificate of Incorporation with a validity of not more than 30 days
- ✓ Local Content Certificate of registration or proof of submission to the Local Content Secretariat or proof of all the necessary requirements to acquire the certificate as per the definition of Guyanese Company or Guyanese national
- ✓ Available equipment for the provision of the services requested
- ✓ Three certificates of proven experience
- ✓ Certification and systems for QHSE management (international standards preferred)

This request is valid until June 13th, **late senders will be dismissed.**

Legal Warning: Tenaris Guyana will hold the Confidential Information received from applicants in strict confidence and will exercise a reasonable degree of care to prevent disclosure to others.
