

Expression of Interest

Dredging Spread Chartering

Saipem is an advanced technological and engineering platform for the design, construction and operation of safe and sustainable complex infrastructure and plants. Always oriented towards technological innovation, Saipem is today committed to working alongside its clients on the frontier of energy transition with means, technologies and processes that are increasingly digital and oriented from their conception towards environmental sustainability. Saipem is present in over 60 countries around the world and employs around 32,000 people of 130 different nationalities.

In Guyana, Saipem is committed to implement along with its client the engineering, procurement, construction, and installation of offshore projects in the Stabroek Block with its distinctive competences and assets tailored to operate in harsh environments, remote and deep-water areas. Saipem has been awarded the SURF portions (subsea, umbilicals, risers & flowlines) of all the field development projects so far launched in Guyana, i.e.: Liza 1 & 2, Payara and Yellowtail.

Saipem Guyana is additionally committed to contribute to the development of the Guyanese people, to maximize the use local resources and to create even more capacity. Hence, we invite companies which fulfill with the Guyanese Local Content Law to submit an Expression of Interest (EOI) for the services/supplies in the area(s) listed herein.

The supply/service(s) would be performed in Guyana to support Saipem onshore operations.

Notes

1. All interested companies are informed that Saipem may enter into a contract at its sole discretion pursuant to this EOI and consequent competitive tender process, if any. In addition, the contracted company must be - at the time of the contract execution - a “Guyanese company” according to the Guyana Local Content Act No. 18 of 2021, Part I, 2, and be registered in the “Local Content Register” set up by the local Ministry of Natural Resources, all under the Guyana Local Content Act No. 18 of 2021, Part II, 6(1)(b) and Part II, 8.
2. Companies that DO NOT comply with the above requirements of the Guyana Local Content Act 2021 shall refrain from submitting their EOI.

Basic Requirements

- Registration in the *Local Content Register* and with the *Centre for Local Business Development (CLBD)*. Certificates proving these registrations must be provided along with the submission for this EOI.
- Submit the company profile inclusive of full contact details, physical address, Tax Identification No. (TIN), VAT number, details on any joint ventures, partnerships, etc., that are part of your organization’s structure.
- Submit evidence showing the relevant experience in Dredging Spread Chartering, (including clients and references).

Dredging Spread Chartering

Specific Main Requirements

- ❖ **The successful applicant must be capable of providing a customized barge for dredging and dumping activities within the Demerara river (Georgetown Guyana).**
- ❖ **Acceptable applications must present evidence of required equipment as well as illustrate the design and show the capacity of all required equipment.**
- ❖ **Additional requirements shall be included in the subsequent stages of the tendering process addressed to the applicants shortlisted on the merit of their response to this EOI.**

Submission

Interested companies which comply with the above **Basic Requirements** and **Specific Main Requirements** can **submit the EOI package via email, subjected “EOI – Dredging Spread Chartering” by September 2nd, 2024, to: Jaleel.Edinboro@saipem.com**

NOTE: This notice is the request for an Expression of Interest ONLY and not an invitation to tender, and there is no commitment or obligation of whatsoever nature, implied or otherwise, on account of Saipem to issue a tender or to enter into any contractual agreement of whatsoever type.
