

# EXPRESSION OF INTEREST

## EOI – Halliburton Guyana Inc

### (Supply and Installation of an Electro-Mechanical System)

#### About Us:

Founded in 1919, Halliburton is one of the world's largest providers of products and services to the energy industry. With approximately 40,000 employees, representing 130 nationalities in more than 70 countries, the company helps its customers maximize value throughout the lifecycle of the reservoir – from locating hydrocarbons and managing geological data, to drilling and formation evaluation, well construction and completion, and optimizing production throughout the life of the asset.

#### Category:

RES – Real Estate

#### Scope of Work:

Supply and installation of an electro-mechanical system to control the level of the sumps used for the wash bays. This system is equipped with a three color LED warning lamp with level sensors installed inside Hazardous Waste Containment at three different levels with a buzzer triggered at 75% of the Containment Capacity indicated by RED. The Submersible pump activated by a float sensor is set at 80-90% of the Containment's capacity discharging waste to Secondary Containment ( 4 IBCs).

---
