

EXPRESSION OF INTEREST

EOI – Halliburton Guyana Inc (Wastewater Treatment Plant Construction)

About Us:

Founded in 1919, Halliburton is one of the world's largest providers of products and services to the energy industry. With approximately 40,000 employees, representing 130 nationalities in more than 70 countries, the company helps its customers maximize value throughout the lifecycle of the reservoir – from locating hydrocarbons and managing geological data, to drilling and formation evaluation, well construction and completion, and optimizing production throughout the life of the asset.

Category:

Construction

Scope of Work:

The scope of the project is as follows:

- Procurement of adequately sized water treatment plants.
- Preparation of a reinforced concrete slab and shed to house the water treatment plants.
- Installation of all necessary plumbing connections to feed the existing wash bays.
- Installation and connect all necessary electricals to the existing panels.

Provide all labor, materials, equipment, transportation and services required to complete all work.

The contractor must hold a risk assessment for ALL ACTIVITIES

All local legal requirements are mandatory requirements in the performance.
