

Join us at Moddec

MODEC is an oil & gas Japanese company that is now arriving in Guyana.

We are a leading provider of solutions to the floating offshore oil & gas market for more than 50 years. With a fleet of 19 units operated by the company and nearly 50 projects delivered worldwide, we have the mission of producing oil and gas steadily and safely, 24 hours a day, 365 days a year.

Our presence in 15 countries and the integration of our teams around the world gives MODEC the opportunity to develop and share a high level of skill. Come join us! #bemoddec

About us

Job description

Job Title: Electrical Supervisor

Department Name: Offshore Maintenance

Location: Guyana

Full / Part Time: Full time

Regular / Temporary: Regular

Responsibilities

- Supervise, follow up and participate in all services and operations related to the Electrical discipline, acting as RPE for the assigned vessel, in order to ensure the safe and efficient functioning of all plant and machinery in the unit.
- Contribute to an effective response to emergencies on board by being part of the Emergency Response Team, participating in all trainings, simulations and acting properly in a real situation.
- Contribute to the MODEC's Permit to Work management systems' implementation, by acting as originator of PTWs and Perform Authority for Electrical works, ensuring the correct isolation of equipment and machinery, guaranteeing all Electrical employees and vendors working on Electrical activities are properly trained and certified.

Requirements

- Discipline-specific Technical Degree is required, bachelor's degree of discipline-specific Engineering is a competitive edge (Electrical/Electrotechnical).
- Previous experience in a leadership position is a competitive edge.
- Mobility for rotation to Singapore during construction phase.
