

Join us at Modec

MODEC is an Oil & Gas Japanese company that is now arriving in Guyana.

We are a leading provider of solutions to the floating offshore oil & gas market for more than 50 years. With a fleet of 19 units operated by the company and nearly 50 projects delivered worldwide, we have the mission of producing oil and gas steadily and safely, 24 hours a day, 365 days a year.

Our presence in 15 countries and the integration of our teams around the world gives MODEC the opportunity to develop and share a high level of skill. Come join us! #bemodec

About us

Job description

Job Title: Facilities Engineer
Department Name: FM - Operations
Location: Guyana
Full / Part Time: Full time
Regular / Temporary: Regular

Responsibilities

- Responsible for acting as a driver of operations performance enhancement for the assigned unit by monitoring and managing the plant's main KPIs and assisting Technical Support departments to ensure proper studies and analysis to address root causes of detected deviations.
- Actively engage in the Operations Cell routine, including morning calls, integrated planning, and routine follow-up meetings, ensuring proper assistance to other Ops Cell members.
- Act as onshore support for the assigned unit's offshore team in the resolution of operation's routine demands, assisting them in interfacing with other departments, as well as guiding them to the proper systems, processes and resources.

Requirements

- Bachelor's Degree in Engineering;
- Fluent English is required;
- Mobility to rotation to Singapore during construction phase.
