

REQUEST FOR INFORMATION (RFI)
ON BEHALF OF GUYANA DEEP WATER OPERATIONS INC. (GDO)

Potable Water Testing
GDO-SCM-091

1. BACKGROUND

Guyana Deep Water Operations Incorporated (GDO), hereinafter referred to as the "Company", a subsidiary of SBM Offshore is the operator of the Liza Destiny, Liza Unity and Prosperity Floating Production, Storage and Offloading (FPSO) vessels. SBM Offshore provides floating production solutions to the offshore energy industry, over the full product life cycle. The Company is market-leading in leased floating production systems with multiple units currently in operation and has unrivalled operational experience in this field. The Company's main activities are the design, supply, installation, operation and life extension of FPSO vessels. These are either owned and operated by SBM Offshore and leased to its clients or supplied on a turnkey sale basis.

2. GUYANESE CONTENT

Guyanese content development is the key factor to the success of our operation. We are committed to establishing Guyanese partnerships and develop local content. Thus, at technical and commercial similarities between bidders, we will consider the following preference:

1. Guyanese Company (*as per definition in Act No. 18 of 2021, LOCAL CONTENT ACT 2021*)
2. Guyanese-owned, registered in Guyana

It is our commitment for long-term sustainability to create social and commercial benefit back to Guyana whenever possible without jeopardizing the HSSE and Quality of the products and services to be delivered as well as the safety for our crew and facilities. Companies responding to this RFI are expected to present their involvement in the Guyana community and/or any involvement in sustainability projects or development in Guyana.

3. OBJECTIVE

The objective of this Request for Information (RFI) is to assess the local market and gather technical and operational information from suppliers for Potable Water Testing at the authorized and approved respective service center. All jobs must be returned with an approved certificate.

This RFI has several objectives:

1. We may use responses from you and the other participants to validate and further develop the Company's recommendations for the Request for Proposal (RFP) for Potable Water Testing. The RFI process allows us to seek your input and develop a list of qualified bidders before structured bid rules take effect.
2. Second, the RFI process provides you with an opportunity to begin developing your responses to some of the potential requirements if you are selected for the RFP.

Finally, depending on your responses and those presented by other participants, the Company may consider unbundling this service described in this RFI and in a future RFP into several enabling agreements that may be awarded to more than one bidder.

4. SCOPE OF SUPPLY

a. Description
