REQUEST FOR PROPOSAL (RFP)
ON BEHALF OF GUYANA DEEP WATER OPERATIONS INCORPORATED (GDO)

GDO-SCM-110

Connection of Under-Ground Fuel Reservoir to Generator Day Tank

GUYANA DEEP WATER OPERATIONS INC.

A Subsidiary of

SECTION 1 – INSTRUCTIONS TO SUPPLIERS

1.1. GENERAL

The PURCHASER has the right to refuse any proposal that does not duly meet the requirements detailed in this document.

The SUPPLIER shall restrict the communication to the Focal Point informed by the PURCHASER on the cover page of this document. Except in cases when there is prior written consent by the PURCHASER focal point, any other kind of contact will be considered as a breach of trust, and it may cause the SUPPLIER's disqualification.

The PURCHASER shall not be charged for any cost/expense incurred by the SUPPLIER during the bidding process. Documents, specifications, proposals, or any other information, hereinafter simply referred to as proposals, shall be delivered entirely free of charge at the sole risk and expense of the SUPPLIER, in accordance with the following instructions:

1.2. SUBMITTING BID DATE

The proposal shall be sent to the focal point e-mail by **May 8, 2026**.

Unless previously approved in writing by the focal point, any proposal delivered after the stipulated date or outside the instructions given in this RFP shall not be considered.

1.3. LIMIT DATE OF THE PROPOSAL

The proposal must be valid, firm, binding and irrevocable for a minimum period of ninety (90) days before the RFP deadline.

1.4. PROPOSAL CURRENCY

The proposal shall be sent in Guyanese Dollar (GYD) currency.

1.5. THE COMMERCIAL AND TECHNICAL PROPOSAL MUST INCLUDE:

- Local Content Certificate
- Prices presented shall be fixed and non-adjustable for the period of **12 months**.
- Company details: Legal name, address, and contact details (e-mail, telephone numbers)
- Payment Term: Following receipt of a correctly submitted invoice, the PURCHASER shall pay the amount due within forty-five (45) days to the SUPPLIER

- Taxes: Include in the prices all applicable taxes and mention all the taxes considered, in accordance with the type of services offered in the proposal
- Bank Details
- Company services, product portfolio and office locations
 - Similar services performed for the past five (5) years
 - How long has the company been working in this market
 - Company organogram

1.6. BID EVALUATION

The PURCHASER grants equality of opportunities to the SUPPLIERS.

The Proposal will not be opened in public, and content will not be divulged by the PURCHASER.

The PURCHASER reserves the right to grant, at its sole discretion, any part of this RFP and not in its entirety. The SUPPLIER shall indicate clearly in the proposal whether and to what extent a partial contract would affect the conditions presented.

The PURCHASER reserves the right to grant, at its sole discretion, any proposal other than one of lower value, in whole or in part, with or without notification of the reasons, or decide to perform the scope of this RFP in any other way elected by the PURCHASER which may include the complete cancellation of this BID.

1.7. COMPLIANCE

The PURCHASER maintains a solid Compliance program and strict rules of qualification and monitoring of its suppliers, as well as contractual clauses and/or terms and conditions inserted in our contracts and purchase orders. By submitting your Letter of Acceptance and Proposal, you, and the SUPPLIER company you represent, attest that both of you agree to such rules and conditions.

The information regarding the PURCHASER's Code of Conduct, Anti-Corruption Policy and Compliance Guide can be found on our website at <https://www.sbmoffshore.com/who-we-are/our-ethics/anti-corruption/>. Additional information regarding the rules and conditions of our Compliance Programme may be requested directly from the focal point of the PURCHASER responsible for this BID process.

1.8. LIABILITY INSURANCE

Liability insurance in force shall be forwarded together with the Technical and Commercial Proposal by e-mail on **May 8, 2026**.

1.9. VENDOR QUALIFICATION

Please note that it is necessary for your company to be qualified as a supplier in the PURCHASER's system if it is selected for the execution of the services outlined in this RFP.

It is a requirement to complete the qualification process prior to commencement of services and contract signing. The PURCHASER will follow the beginning of the qualification process, only with the winning SUPPLIER. The general documentation will be valid for a maximum of three (3) years (unless specified in the document). If you have already uploaded the required documentation in the past but it has expired, an update is required.

Remember that the PURCHASER will only be allowed to qualify the vendor with the correct set of documents attached to the order.

1.10. RFP INSTRUCTIONS

All documents required shall be delivered to the following email addresses before the RFP Due Date – **May 8, 2026, COB (Close of Business, 17:00hrs)**.

No delay or extension will be granted.

Nelly.Hoodith@sbmoffshore.com

Tikeda.Roland@sbmoffshore.com

indirect.procurement.guyana@sbmoffshore.com

The email title format must respect as follows: **GDO-SCM-110 – Connection of Under-Ground Fuel Reservoir to Generator Day Tank– Your Company Name — Final RFP Submission**

SECTION 2 – SCOPE OF SUPPLY

2.1. OBJECTIVE OF SERVICE

The objective of this scope is to provide comprehensive engineering, installation, and commissioning support for a safe, compliant, and reliable reservoir-to-tank fuel integration at the SBM Offshore Georgetown office. The solution shall incorporate automated dual-stage float-level controls for controlled fuel transfer and robust secondary spill containment to mitigate environmental and operational risks.

The scope shall also accommodate non-destructive examination (NDE), functional testing and commissioning, and any required civil and structural modifications necessary to support tank installation, containment enhancements, and long-term safe operation.

Scope of Service Requirements:

The scope of the service requirement is defined as per the following:

- Design and implement a safe connection between the underground reservoir and the above-ground intermediary day tank, following oil and gas industry standards.
- Source, install, and commission a 650-liter elevated diesel storage tank meeting UL-160 standards.
- Integrate automated float-level control for dual-stage fuel transfer and enable gravity flow filling of the generator day tank.
- Provide spill containment solutions with 110% tank capacity.
- Conduct non-destructive examination (NDE) testing and perform functional commissioning.
- Carry out necessary civil modifications for tank installation and upgraded containment systems.
- All work must adhere to relevant oil and gas industry standards and regulations.
- Diesel storage tank must comply with UL-160 standards.
- Spill containment must meet or exceed 110% tank capacity requirements.

Deliverables:

- Detailed technical proposal outlining the safe connection process, including drawing.
- Specifications for the intermediary and generator day tanks, including automation features.
- Evidence of UL-160 compliance and spill containment solutions.

- Results of NDE testing and commissioning documentation.
- Plan for civil modifications supporting tank installation and containment upgrades.

2.2. PRICES

For the performance of the services outlined in the contract, the PURCHASER shall pay the SUPPLIER the prices and rates and they shall be firm, fixed, and non-adjustable from the effective date until the completion date of the contract. The measurement for services may occur at the end of the activity execution detailed in the PO.
