Schlumberger Guyana Inc.
Lot 1, Area X, Houston
Georgetown, Guyana

October 28th, 2026

Dr. Michael Munroe
Director of the Local Content Secretariat
The Local Content Secretariat
116-117 Cowan Street
Kingston,
Georgetown,
Guyana.

Dear Mr. Munroe,

Notice of Intent to Source Through a Competitive Bidding Process: Guyana Bulk Commodities Project – Engineering Phase

Schlumberger Guyana Inc intends to execute the sourcing of suppliers who can participate in our upcoming tender for Guyana Bulk Commodities Project – Engineering Phase.

Proposed Date for issuance of request for information:	2nd November, 2026
Scope of work to be undertaken:	Scope: Guyana Bulk Commodities Project – Engineering Phase

The project will include but is not limited to the following:

- Installation of three 75,0000-gallon Steel tanks, including foundation work, to contain methanol and Xylene. Tanks must have recirculation capabilities and will use Nitrogen blanketing.
- Transfer lines, including pumps and a filtration system, to transport chemistries to and from the birth loading dock.
- Reverse osmosis system to provide deionized water for methanol dilutions.
- Design of equipment layout, foundation, electrical infrastructure, and process flow to ensure system reliability, efficiency, and cost effectiveness.
- Provision of all large equipment, ancillary equipment, services, and upgrades.
- Integration of future operational requirements.

Attached to this letter is the Request for Information "RFI" which will be published on 2nd November 2026 and available for expressions of interest until 09 November 2026.

Should you require any further information or clarification, please contact Ms. Mirica Obermuller at MObermuller@slb.com or +592 624 2853.

Kind Regards,

Jose Di Mase
Supply Chain Manager
