

SAIPEM has a vacancy for **Lifting Foreman**

OBJECTIVE:

Coordinate and control the work of the dependent team based on rigging and lifting activities assigned, directly overseeing critical lifting operations. Distribute the equipment and materials to allow the team to perform the assigned activities.

RESPONSIBILITIES AND DUTIES:

- Ensure that operators and all personnel belonging to the team strictly observe applicable safety standards
- Ensure that the works are carried out in accordance with the project quality requirements
- Analyse the method drawings and procedures received from the works supervisor and give instructions to the team in order to execute the works in accordance
- Coordinate and check the work carried out by the team, reporting any difficulties to the works supervisor
- Organize all the means and lifting equipment necessary to perform the work. Check that they comply with applicable provisions, report any anomalies and coordinate any corrective actions
- Liaise with the works supervisor in order to optimize the use of equipment and personnel
- Carry out the daily toolbox talkings
- Verify the equipment daily check list prior to start the works
- Ensure adherence to the planned time frame
- Provide the work supervisor with data on manpower, equipment, tools and material used
- Implement the permit-to-work system
- Liaise with other disciplines on ongoing operations
- Ensure the housekeeping of the work location

EXPERIENCE:

- 5 Years' Experience

EDUCATION:

- Rigging Certification or OPITO Level 3 or equivalent
