

Join Us At MODEC

About us

MODEC is an Oil & Gas Japanese Company that has been a leading provider of solutions to the floating offshore oil & gas market for more than 50 years. With a fleet of 19 units operated by the company and nearly 50 projects delivered worldwide, we have the mission to produce oil and gas steadily and safely, 24 hours a day, 365 days a year.

Our presence in 15 countries and the integration of our teams around the world give MODEC the opportunity to develop and share a high level of skills. Come join us! #bemodec

Job description

Job Title: Material & Logistics Analyst

Department Name: Supply Chain

Location: Georgetown, Guyana

Full / Part Time: Full time

Regular / Temporary: Regular

- Facilitate the execution of material logistics processes including receiving, inspection, storage, handling, dispatch, and loading by identifying and addressing gaps and inefficiencies through close collaboration with internal material logistics stakeholders
- Assist Material Logistics leadership in overseeing projects, processes, and tasks to optimize operational efficiency, minimize risks, and reduce costs
- Contribute to improved operational efficiency and cost savings at MOG by assessing the performance of contracted logistics providers and proposing corrective actions.
- Monitor the execution of contracted logistic service providers, defining priorities, properly evaluating measurement bulletins, monitoring overtime needs and contract budgets.

Responsibilities

Requirements

- Bachelor's degree is mandatory, Post-graduate specialization preferable.
- Certifications in Project or Supply Chain Management
- Lean Six Sigma
- Professional experience in logistics operations within large-scale oil and gas companies.
- Advanced proficiency in Microsoft Office Suite.
