Reference Name

Offshore Preservation Services

Scope of Work

MODEC Guyana requests the services of a SUB-CONTRACTOR to provide end-to-end offshore preservation services for equipment, piping systems, structures, and associated assets installed on the FPSO. The preservation program may include asset surveys, condition assessments, risk-based prioritization, preservation planning, material supply, preservation application, inspection, maintenance, documentation, and reporting.

Requirements

1. Provide an offshore preservation program for selected FPSO assets aimed at preventing and mitigating corrosion degradation mechanisms associated with atmospheric exposure, moisture ingress, crevice conditions, and marine environments.
2. Conduct assessment, planning, supply of preservation materials, installation, inspection, maintenance, and documentation/reporting of preservation systems.
3. Maintain an electronic preservation register containing equipment identification, preservation type, installation date, inspection status, maintenance history, and next inspection due date.
4. Assess preservation opportunities through review of inspection findings, corrosion registers, integrity assessments, and field surveys.
5. Provide preservation solutions based on asset condition, corrosion mechanism, operating conditions, accessibility, inspection requirements, and expected service life.
6. Perform the surface cleaning and preparation necessary for installation of the preservation system in accordance with approved procedures and manufacturer recommendations.
7. Ensure installation includes preservation wraps, flange protection systems, corrosion-inhibiting compounds, elastomeric barriers, protective covers, support protection systems, and other approved preservation technologies.
8. Periodically inspect preservation system to verify continued effectiveness and integrity.
9. Ensure that the materials, equipment and professionals, that will be provided to MODEC Guyana, are legally qualified to perform the services, in compliance with the applicable legal requirements, and in compliance with the technical specifications defined by MODEC Guyana.
10. Ensure all communications, reports and certificates to be done in English language.
11. All personnel and equipment involved in the execution of the SERVICES must adhere to local practices, laws, and regulations.

Instructions

1. Potential Supplier who wishes to participate are required to proceed to MODEC vendor portal and reply our official RFI questionnaire on the following link.
2. In order to reply the questions and formalize the EOI, the vendor needs to have its pre-registration done on the MODEC´s Vendor Portal if this is the first access. If needed: www.modec.com/gysuppliers
3. Once pre-registration is completed, the vendor shall proceed to RFI wall as per the address mentioned on step 1, and then after a validation on the Tax Id reference and email (used for the pre-registration) the form will be opened, and answers will be accepted.
4. Vendor shall receive a confirmation when EOI is submitted.

Notes
