About Us

We are an owner/operator and EPCI (Engineering, Procurement, Construction, and Installation) general contractor of floating production systems including Floating Production Storage and Offloading (FPSO) units, Floating Storage and Offloading (FSO) units, FLNGs, Tension Leg Platforms (TLPs), SemiSubmersibles, Mooring Systems and new technologies which will meet the challenges of gas production floaters.

Reference Name

Lifting Accessories (LOLER Management) Services

Scope of Work

MODEC Guyana Inc. ("MOG") requests the service of Preventive and Corrective Maintenance of Lifting Accessories (LOLER Management) on the FPSO Errea Wittu.

The scope covers all equipment using for lifting, including:

- Lifting gear
- Lifts
- Hoist
- Slings
- Eyebolts
- Padeyes
- Fall Arrest Device

During of the PM or CM execution needs to guarantee:

- Ensure work equipment is maintained in an efficient state, in efficient working order and in good repair.
- Where work equipment is exposed to deteriorating conditions liable to result in dangerous situations, it must be inspected to ensure faults are detected in good time so the risk to health and safety is managed.
- Ensure that all people using, supervising or managing the use of work equipment are provided with adequate, clear health and safety information. This will include, where necessary, written instructions on its use and suitable equipment markings and warnings.
- Take measures to prevent or control the risks to people from parts and substances falling or being ejected from work equipment, or the rupture or disintegration of work equipment.
- And more.

Requirements

General Requirements:

- Class Certificate of Recognized Serviced Supplier – Non-Destructive Inspection (In some cases)
- OPITO LOLER Competent Person Assessment
- IRATA members and all personnel qualified for rope access works.
- Experience of FPSO.
- Permits, licenses, and professional credentials.
- ISO 9001 certified
