

REQUEST FOR INFORMATION (RFI) FOR CUSTOMS EXPORT CLEARANCE SERVICES IN GUYANA

Introduction

Noble Finance Company, an affiliate of Noble Corporation, is in the process of pre-qualifying companies that can provide Customs Export Clearance Services in Guyana.

Since 1921, Noble's mission has been to deliver drilling services that enable our customers to exceed their objectives in finding and developing oil and gas resources. The Company owns and operates one of the most modern, versatile, and technically advanced fleets in the offshore drilling industry. Noble performs, through its subsidiaries, contract drilling services with a fleet of 32 offshore drilling units, consisting of 15 drill ships, 4 semi-submersibles and 13 jack-ups, focused largely on ultra-deepwater, high specification and harsh environment drilling opportunities in both established and emerging regions worldwide.

We are currently seeking detailed information from qualified vendors who can provide customs export clearance services in Guyana. The information gathered through this RFI will help us identify and select vendors who can meet our needs effectively, ensuring compliance with all local regulations and facilitating smooth export operations.

Purpose of the RFI

The main objectives of this RFI are to:

1. Identify appropriate and capable vendors for customs export clearance services in Guyana.
2. Gain insights into the vendors' knowledge and experience with Guyana's customs regulations.

Scope of Services

The required scope of services for customs export clearance includes, but is not limited to:

1. Documentation Preparation and Submission

Preparation of all necessary export documentation and any other required documents. Submission of documentation to the authorities.

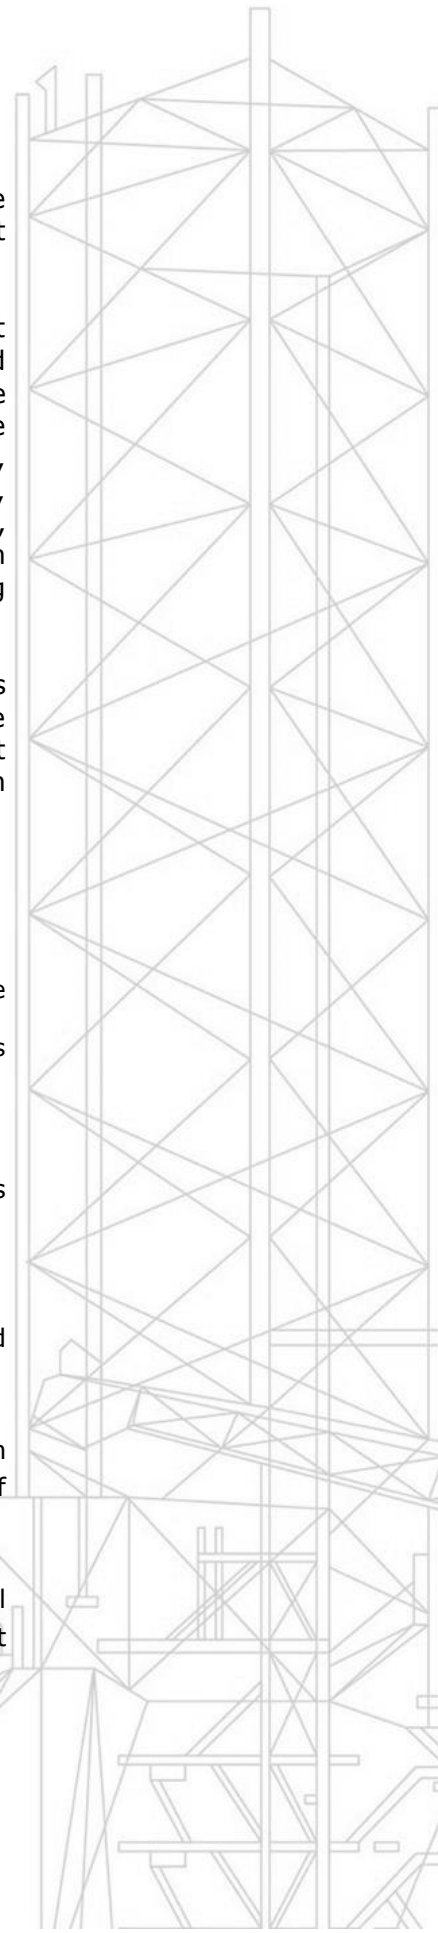

2. Customs Brokerage Services

Liaison with the authorities to ensure timely clearance of goods. Calculation and payment of customs duties, taxes, and other applicable fees on behalf of Noble.

3. Cargo Inspection and Coordination

Arranging and coordinating cargo inspections as mandated by local regulations. Ensuring that all cargo complies with Guyana's export standards and requirements.

4. Compliance and Advisory Services

Providing expert advice on export compliance and regulatory requirements. Keeping Noble informed of any changes in local and international export regulations.

5. Packing

Packing a preparation of materials for export that meets ISPM15 regulations

6. Container Loading, Blocking and Bracing

Secure and efficient loading of containers, including blocking and bracing to ensure safe transportation.

7. Local Transportation from Noble Guyana Warehouse and delivery to port of Export (both air and ocean)

Coordination and provision of local transportation services from Guyana warehouse to the port of export, accommodating both air and ocean shipments.

Expression of Interest (EOI) Requirements:

Interested vendors are to submit the list of required documents identified below:
