

# Request for Information

We are a global technology company, driving energy innovation for a balanced planet. As the world's leading supplier of reservoir characterization, drilling, production and processing technology, integrated project management and information solutions to the international oil and gas exploration and production industry.

In today's competitive global economy, we know that strong relationships with our suppliers are more important than ever to our ability to meet our own and our customers' needs.

Our preferred suppliers are those that work with us in a professional, ethical, competitive, and cost-effective manner consistent with SLB policies, procedures, and business objectives. We believe this type of supplier relationship encourages use of supply chain best practices and adds value for all involved in the process.
