

REQUEST FOR INFORMATION (RFI)
ON BEHALF OF GUYANA DEEP WATER OPERATIONS INC.
(GDO)

DIVERSE OFFSHORE AND ONSHORE SERVICES

GDO-SCM-061

- A) Rope Access Team (RAT)**
- B) Welders (Equip & Consumables Included)**
- C) Fabrication of Support Frame & Lifting Beam**
- D) Dimensional Control Survey - 3D Mapping / Laser & Point-to-Point**

1. BACKGROUND

Guyana Deep Water Operations Incorporated (GDO), hereinafter referred to as the "PURCHASER", a subsidiary of SBM Offshore, is the operator of the Liza Destiny, Liza Unity and Prosperity Floating Production, Storage and Offloading (FPSO) vessels. SBM Offshore provides floating production solutions to the offshore energy industry, over the full product life cycle. The PURCHASER is market-leading in leased floating production systems, with multiple units currently in operation and has unrivalled operational experience in this field. The PURCHASER's main activities are the design, supply, installation, operation and life extension of Floating Production, Storage and Offloading vessels. These are either owned and operated by SBM Offshore and leased to its clients or supplied on a turnkey sale basis.

2. GUYANESE CONTENT

Local content development is a key factor in our success in Guyana. We are committed to establishing partnerships with Guyanese. Thus, at technical and commercial similarities between bidders, we will consider the following preference:

1st. Guyanese Company (as per definition in Act No. 18 of 2021, LOCAL CONTENT ACT 2021)

2nd. Non-Guyanese

It is our commitment to long-term sustainability to create social and commercial benefits for Guyana. As is customary wherever we operate, the HSSE and Quality of the products and services to be delivered must be of the highest standard so that the well-being and safety of our crew and facilities are guaranteed.

Companies answering the RFI will have to present their involvement in the Guyana community and/or any involvement in sustainability projects or development in Guyana.

3. OBJECTIVES

This Request for Information (RFI) seeks technical and operational information from Companies to meet the PURCHASER's bid selection requirements for diverse offshore and onshore services.

This RFI has several objectives:

1. We may use responses from you and the other participants to validate and further develop the PURCHASER's recommendations for the Request for Proposal (RFP) for diverse offshore and onshore services. The RFI process allows us to seek your input and develop a list of qualified bidders before structured bid rules take effect.
2. Second, the RFI process provides you with an opportunity to begin developing your responses to some of the potential requirements if you are selected for the Request for Quotation .

Companies are welcome to submit their interests for a single or multiple scopes.

- GDO-SCM-061-A) Offshore Rope Access Team (RAT)**
- GDO-SCM-061-B) Offshore Welders (Equip & Consumables Included)**
- GDO-SCM-061-C) Offshore Fabrication of Support Frame & Lifting Beam**
- GDO-SCM-061-D) Dimensional Control Survey - 3D Mapping / Laser & Point-to-Point**
