About Us

We are an owner/operator and EPCI (Engineering, Procurement, Construction, and Installation) general contractor of floating production systems including Floating Production Storage and Offloading (FPSO) units, Floating Storage and Offloading (FSO) units, FLNGs, Tension Leg Platforms (TLPs), SemiSubmersibles, Mooring Systems and new technologies which will meet the challenges of gas production floaters.

Reference Name

HP Gas Compression Services

Scope of Work

MODEC Guyana requests the services of a CONTRACTOR to provide skilled manpower, tools, and resources to perform planned and corrective in-field maintenance, remote monitoring, and technical support for the HP Gas Compressor and their associated auxiliary systems as per the battery limits.

Supplier shall be able to provide on Condition Based Maintenance and Major Overhaul, which can include:

- Inspection, repair, and assembly of compressor parts
- Rotor assembly and alignment
- Compressor installation and performance testing
- Dynamic balancing of rotating equipment
- Inspection and replacement of mechanical seals, as necessary
- Inspection and replacement of wear rings, as necessary
- Inspection and replacement of bearings, as necessary
- Condition monitoring and remote diagnostics
- Maintenance and calibration of control and instrumentation systems
- Inspection and maintenance of lubrication and sealing systems
- Replacement of critical components as per manufacturer's recommendations
- Technical support and training for operation and maintenance personnel
- Supply of original spare parts from the manufacturer

Requirements

- SUBCONTRACTOR shall be the Manufacturer or a Manufacturer Representative, or a company certified by the Manufacturer to perform the maintenance on their behalf in accordance with Manufacturer standards.
- The SUBCONTRACTOR shall ensure that manpower that will provide to COMPANY, are legally qualified to perform the services, in compliance with the applicable legal requirements for each position required.
- Demonstrated capability to provide: Planned and corrective field maintenance (offshore), remote monitoring and troubleshooting, condition-based maintenance, major overhauls, and emergency support, technical training and support for operations staff.
- Capability to supply all tools (including special, torque, and measurement tools), original spare parts, and consumables as required for maintenance activities.
- Robust HSSE (Health, Safety, Security, Environment) management system, with policies, training records, KPIs, and emergency/bridging documentation.
- Proven track record of providing similar services for high-pressure compressor packages (preferably on FPSOs or floating installations), including references and project history.

Instructions

1. Potential Supplier who wishes to participate are required to proceed to MODEC vendor portal and reply our official RFI questionnaire on the following [link](#).

Notes

- This is not a request for quote.
- Submission of an EOI is not and shall not be deemed as MODEC's commitment to enter into any agreement with any Potential Supplier.

Request for Information

2. In order to reply the questions and formalize the EOI, the vendor needs to have its pre-registration done on the MODEC's Vendor Portal if this is the first access. If needed: www.modec.com/gysuppliers
3. Once pre-registration is completed, the vendor shall proceed to RFI wall as per the address mentioned on step 1, and then after a validation on the Tax Id reference and email (used for the pre-registration) the form will be opened, and answers will be accepted.
4. Vendor shall receive a confirmation when EOI is submitted.
5. Vendor shall monitor email notifications with updates about MODEC Guyana Inc evaluation for the EOI's received and applicable shortlisting for competitive process.
6. Please submit your final response with RFI form/EOI no later than 12/05/2026

Notes

- This is not a request for quote.
- Submission of an EOI is not and shall not be deemed as MODEC's commitment to enter into any agreement with any Potential Supplier.
