Gain Safety Standards to Improve Your Competitiveness and Profitability

Integrate HSSE into your business operations today and safeguard your most valuable asset: your people. Prioritise safety to ensure a culture of excellence, drive increased competitiveness for your business, and reduce employee turnover. Expand your business operations by building a safety system that meets the requirements of oil and gas companies, Government, and international partners. **Choose safety. Choose success. Choose the Centre.**

At the Centre, our team is dedicated to empowering businesses of all sizes and in all sectors with our comprehensive HSSE courses. Explore our offerings and revolutionise your approach to safety:

HSSE Management System Mentorship Programme

Build a foundational HSSE system for your business with the support of safety experts. Designed for small to large-scale companies to help them gain a competitive edge, align with legal requirements and international standards effortlessly, and thrive in sectors like oil and gas, mining, construction, tourism, logistics and many more.

HSSE Legal Requirements Training

Larger local and international businesses can navigate compliance essentials with confidence through the Centre's legal requirements audits and training. Gain invaluable insights and practical applications to ensure compliance with local HSSE laws and regulations.

HSSE Workforce Training

Foster a culture of safety within your organisation with our HSSE basic and advanced courses. Help your team to understand and maintain the safety requirements of your company and your clients, and build on your company's safety culture.

HSSE System Audits and Re-certification

Already have a safety system or not sure what is needed? Stay ahead of the curve with hassle-free audits for new companies or re-certification for those who are already certified in the Centre's HSSE Management System Programme. Ensure ongoing compliance and peace of mind with efficient auditing.
