

**Guyana Deep Water Operations Inc.**, a subsidiary of SBM Offshore is the operator of the Liza FPSO. SBM Offshore provides floating production solutions to the offshore energy industry, over the full product life-cycle. The Company is market leading in leased floating production systems with multiple units currently in operation and has unrivalled operational experience in this field. The Company's main activities are the design, supply, installation, operation and the life extension of Floating Production, Storage and Offloading (FPSO) vessels. These are either owned and operated by SBM Offshore and leased to its clients or supplied on a turnkey sale basis.

What's Next?

Upon screening of your company details with Centre of Local Business Development (CLBD) portal, you will receive pre-qualification questionnaires. It is within your responsibility to meet the necessary deadline to be further for consideration. During this time, you may still receive Request for Quotations (RFQs) but final award will ONLY be to qualified company.

Local content development is the key factor to the success of our operation. We are engaged in stablishing local partnerships and interested in increasing the number of Guyanese-owned businesses in our pool of supplier. For this reason, while analyzing the Comercial aspects of the supply, we will also consider the following preference:

1. Guyanese owned
2. CARICOM owned
3. Foreign owned

It is our commitment for long-term sustainability to create social and commercial benefit back to Guyana whenever possible without jeopardizing the HSSE & Quality of the products and services to be delivered as well as for our crew & facilities. Company answering the EOI will have to present their involvement for the Guyana community and/or any involvement in sustainability project or development in Guyana.

Sincerely,

Guyana Deepwater Operations Inc.
