

Guyana Deep Water Operations Inc., a subsidiary of SBM Offshore is the operator of the Liza FPSO. SBM Offshore provides floating production solutions to the offshore energy industry, over the full product life-cycle. The Company is market leading in leased floating production systems with multiple units currently in operation and has unrivalled operational experience in this field. The Company's main activities are the design, supply, installation, operation and the life extension of Floating Production, Storage and Offloading (FPSO) vessels. These are either owned and operated by SBM Offshore and leased to its clients or supplied on a turnkey sale basis.

Navin Da Costa
navin.dacosta@sbmoffshore.com

What's Next?

Upon screening of your company details with Centre of Local Business Development (CLBD) portal, you will receive pre-qualification questionnaires from GDO. It is within your responsibility to meet the necessary deadline to be further for consideration. During this time, you may still receive Request for Quotations (RFQs) but final award will ONLY be to qualified companies.

It is our commitment for long term sustainability to create social and commercial benefit back to Guyana when possible without jeopardizing the HSE & Quality of our crew & facilities.

Sincerely,

Guyana Deepwater Operations Inc.
