

Request for Information

We are a global technology company, driving energy innovation for a balanced planet. We create amazing technology that unlocks access to energy for the benefit of all – Paving a path to net zero and beyond:

- Innovating in oil and gas
- Decarbonizing industry
- Delivering digital at scale
- Scaling new energy systems

We are energy innovators, pushing the limits of technology to deliver outstanding performance for our customers and stakeholders. In today's competitive global economy, we know that strong relationships with our suppliers are important to enable our ability to meet our own and our customers' needs.

Our preferred suppliers are those that work with us in a professional, ethical, competitive, and cost-effective manner consistent with SLB policies, procedures, and business objectives.

SLB is seeking suppliers who can support the following:

Scope: Cargo Carrying Units (CCUs)

General Requirements:

Cargo Carrying units of various dimensions, meeting the minimum requirements of:

- Provision of storage facility for CCUs and coordinate inland transportation to designated locations as indicated by SLB.
- CCUs must meet industry, global, and other benchmarks, including:
 - I. DNV 2.7-2 for operating equipment
 - II. DNV 2.7-1 for lifting equipment
- Conduct CCU (and sling set) examinations / certifications in accordance with SLB's specifications.
- Organize the refurbishment or substitution of any impaired or faulty CCU and provide a warranty for defective items.
- Showcase proficiency in delivering CCUs in accordance with SLB's specifications and protocols.
- GPS tracking capabilities with monthly usage reports.
