

Request for Information

We are a global technology company, driving energy innovation for a balanced planet. We create amazing technology that unlocks access to energy for the benefit of all – Paving a path to net zero and beyond:

- Innovating in oil and gas
- Decarbonizing industry
- Delivering digital at scale
- Scaling new energy systems

We are energy innovators, pushing the limits of technology to deliver outstanding performance for our customers and stakeholders. In today's competitive global economy, we know that strong relationships with our suppliers are important to enable our ability to meet our own and our customers' needs.

Our preferred suppliers are those that work with us in a professional, ethical, competitive, and cost-effective manner consistent with SLB policies, procedures, and business objectives.

SLB is seeking suppliers who can support the following:
