

Supplier Registration Portal (SRP)

The Centre for Local Business Development is Guyana's leading source for oil and gas business and industry information, policy advocacy, and professional networking. Since 2017, the Centre has been meeting the growing demands of Guyanese businesses by offering training, mentoring for growth, and procurement linkages.

The Centre's Supplier Registration Portal (SRP) is the premier spot for oil and gas suppliers and related businesses as they seek to contract, partner, and purchase goods and services from Guyanese businesses. Based on its growing success, the SRP continues to develop new tools, like its mobile application, to broaden its reach and improve access.

Advantages of the SRP

Business Registration

Prime Contractors can easily get supplier business information including contacts and services and goods provided.

Suppliers can continuously update details including goods and services offered, contact information, and financial status.

Contractor-Supplier Interaction

Prime Contractors can send notifications via SMS and email including EOIs and RFQs.

Suppliers can actively seek opportunities posted on a central exchange portal that is continuously updated.

Market Information Sharing

Prime Contractors can search for suppliers for required goods and services.

Suppliers can search for information on prime contractor opportunities in local or export markets including local content requirements and partnership opportunities.
